The PM² ALLIANCE Vision

ONE METHODOLOGY – ONE COMMUNITY

We believe that the future of project management depends on the community of project managers working together, and that the PM² Alliance has a crucial role to play in enabling the sharing of knowledge and experiences and fostering appreciation of PM² as a common, open and free methodology for Europe – and beyond.

The PM² Alliance carries the torch of the Open PM² vision, promotes and evolves PM², and takes it to places “where no PM² has gone before”. It brings the Open PM² community together, connecting PM² practitioners, trainers, experts and project managers from all over Europe and works with other Institutions and organisations in promoting better project management in Europe.

**Together we
agree that the
time has
matured for the
adoption of a
